**DOCKET NO. UD-16-03**

**ORDER**

On February 9, 2017, Entergy New Orleans (“ENO”) submitted an unopposed motion seeking to suspend the then current procedural schedule to allow continued settlement discussions among the parties; and requested that the Hearing Officer convene a status conference on March 3. Said motion was granted, and on the March 3 conference ENO and the Advisors represented that settlement discussions between the two of them were ongoing and continued to be productive, however a further extension would be needed to finalize their agreement, before engaging settlement discussions with the other parties in the docket. ENO agreed that if a further extension was granted, the company would also extend the deadline for Council approval of the Restructuring in order to receive the guaranteed credits to the Second Quarter of 2017.

Considering the representations of ENO and the Advisors that settlement discussions are progressing, and there was no opposition to the request for a further extension, the request is hereby GRANTED. The next status conference will be held by telephone on April 21, 2017, at 10:00 a.m., New Orleans local (central standard) time. The Council Utilities Regulatory Office shall distribute instructions for participating in the telephone conference.

This 6<sup>TH</sup> day of March, 2017.
