Part No.:

Addendum:

Question:

Refer to Exhibit CLR-2, page 12, Table 6.

- a. Please provide the I/O tables for Louisiana that were used in the operations impact analysis.
 - b. Please provide a breakdown of “direct” impacts by industry, by year.
 - c. Please provide the assumption for how much of demand for each industry is to be produced within the Louisiana—for each industry modeled.
-

Response:

- a. Please see attachments to AAE 6-7.
- b. Table 6 provides a breakdown of indirect impacts on Louisiana during the first year of operations. Table 6 does not break down direct impacts by industry and by year. However, page 8 of the report notes the amount that the Company estimates that it will spend to operate NOPS annually.
- c. Table 6 does not model any industries.
