Re: New Orleans Power Station Usage Reports

Dear Ms. Johnson:

Pursuant to Resolution R-21-153, Entergy New Orleans, LLC (“ENO”) submits the attached public version of New Orleans Power Station (“NOPS”) quarterly usage. The attached report includes aggregated NOPS usage information for the fourth quarter of 2021.

In connection with the Company’s filing, confidential and detailed operational information bearing the designation “Highly Sensitive Protected Materials” is being provided to the Council’s Advisors pursuant to the terms and conditions of the Official Protective Order adopted in Council Resolution R-07-432. Portions of the information included in the filing consist of or reflect competitively sensitive cost and market information, the disclosure of which may present a risk of harm to ENO’s customers. In addition, portions of the filing may contain highly sensitive information of third parties to which an obligation of confidentiality is owed.

As a result of the remote operations of the Council’s office related to COVID-19, ENO submits this filing electronically and will submit the requisite original and number of hard copies once the Council resumes normal operations, or as you direct. ENO requests that you file this submission in accordance with Council regulations as modified for the present circumstances.

Sincerely,

A handwritten signature in black ink that reads "Courtney R. Nicholson".
Courtney R. Nicholson
