Tuesday, Aug. 15, 2023

1-4 p.m.

The Estuary at The Water Campus

1110 River Road, Baton Rouge, LA 70802

[Webinar](#)

### AGENDA

- I. **Welcome** – Harry Vorhoff and LaKesha Hart
- II. **2022 Climate Action Plan Update** – Harry Vorhoff and LaKesha Hart
- III. **Climate Pollution Reduction Grant Overview**
  - a. Introduction – Harry Vorhoff and LaKesha Hart
  - b. Outreach and Engagement Approach – Center for Planning Excellence
  - c. Prioritization Approach – Harry Vorhoff and LaKesha Hart

#### IV. **Prioritization Activity** – all attendees

Provide input on prioritizing actions.

How can benefits for low-income and disadvantaged communities be integrated into actions?

How can workforce development benefits be integrated into actions?

Are there ongoing efforts not represented that advance the strategy?

What additional efforts are needed to advance the strategy?

Station 1: Clean energy transition

Station 2: Industrial decarbonization

Station 3: Methane emission management

Station 4: Transportation, development and the built environment

Station 5: Natural and working lands and wetlands

Station 6: Inclusive, low-carbon economy

Station 7: Accountability and adaptability to ensure lasting success
