Question No.: AAE 6-4

Part No.:

Addendum:

Question:

Refer to Exhibit CLR-2, page 7, Table 2.

- a. Please provide the I/O tables for Orleans Parish that were used in the construction impact analysis.
  - b. Please provide a breakdown of “direct” and “indirect” impacts by industry, by year.
  - c. Please provide the assumption for how much of demand for each industry is to be produced within the Parish—for each industry modeled.
- 

Response:

- a. Please see attached.
- b. Table 2 provides a breakdown of indirect impacts on Orleans Parish by year. Table 2 does not break down both direct and indirect impacts by industry and by year. Table 1, however, does provide a breakdown by year of the in-state construction spending that was plugged into the I/O table for Orleans Parish to determine the indirect impacts illustrated in Table 2.
- c. Table 2 does not model any industries.
