Part No.:

Addendum:

Question:

Refer to Exhibit CLR-2, page 11, Table 5.

- a. Please provide the I/O tables for Louisiana that were used in the construction impact analysis.
 - b. Please provide a breakdown of impacts by year.
 - c. Please provide a breakdown of “direct” and “indirect” impacts by industry, by year.
 - d. Please provide the assumption for how much of demand for each industry is to be produced within the Louisiana—for each industry modeled.
-

Response:

- a. Please see attached.
- b. Table 5 provides a breakdown of impacts by year for the six-year planning/construction cycle.
- c. Table 5 provides a breakdown of indirect impacts on Louisiana by year. Table 5 does not break down direct and indirect impacts by industry and by year. Table 1, however, does provide a breakdown by year of the in-state construction spending that was plugged into the I/O table for Louisiana to determine the indirect impacts illustrated in Table 5.
- d. Table 5 does not model any industries.
