Question No.: Advisors 3-5

Part No.:

Addendum:

Question:

Please provide the 5 recent calendar years and annual forecast kWh and kW data for the customer(s) served under the interruptible tariff. Does the Company anticipate any additional customers or changes to the interruptible tariff in the next few years?

---

Response:

Please see the attached for the 5 most recent calendar years (2013 through 2017) data for customers served under the interruptible tariffs, EIS and LIS.

Information responsive to this request has been designated as Highly Sensitive Protected Material (“HSPM”) under the terms of the provisions of the Official Protective Order adopted pursuant to Council Resolution R-07-432 relative to the disclosure of Protected Material and is being provided in accordance with the same.

See the attached highly sensitive table for the kWh forecast. The basis for the forecast is a peak demand of 33 MW and the Company is not aware of any requests from potential customers seeking to take service under interruptible service tariffs in the next few years.
