**AIR PRODUCTS AND CHEMICALS, INC.
MOTION TO EXTEND DEADLINE FOR REPLY COMMENTS**

Air Products and Chemicals, Inc. (“Air Products”), through undersigned counsel, respectfully submit this Motion to Extend Deadline for Reply Comments in the above-captioned docket, seeking a brief two-week extension of the deadline in this proceeding to allow parties to allow parties additional time to consider and reply to initial comments. A significant amount of information was provided in initial comments, and additional information was provided on June 27, 2019, by Entergy New Orleans, LLC (“ENO”) in response to discovery issued by the Alliance for Affordable Energy (“Alliance”). A brief extension of the deadline for reply comments would allow the parties to better consider and respond to the information put forth in the docket and would not upset the schedule, given that there are no other deadlines currently established beyond the deadline for reply comments.

Air Products has conferred with counsel for the Advisors to the City Council of New Orleans (“Advisors”) and is informed that the Advisors do not oppose a two week extension. Air Products has also corresponded with other parties to the proceeding regarding the proposed extension. As of the time of filing, Air Products has heard from the following parties who have indicated non-opposition to the proposed extension: Entergy New Orleans, LLC, National Audubon Society, 350 New Orleans, PosiGen Solar, Gulf States Renewable Energy Industries

Association and Alliance for Affordable Energy. As of the time of filing, Air Products has not received any opposition to the extension.

Accordingly, Air Products requests that the schedule be modified as follows:

DEADLINE	CURRENT DATE	PROPOSED DATE
Reply Comments	July 1, 2019	July 15, 2019
