RE: Sierra Club Petition for Intervention and Inclusion on Service List

Dear New Orleans City Councilmembers:

The Sierra Club respectfully seeks full intervenor status and complete standing to participate in any and all meetings as an equal participant in New Orleans' rate case with Entergy proceedings. We request to be placed on the service list of this proceeding and be served with all pleadings, notices orders and other filings.

The Sierra Club Delta Chapter New Orleans group has 1300 members. We believe New Orleans deserves an energy future that is affordable, sustainable, sensible and just. This rate case proceeding is where the proverbial rubber meets the road. The purpose of an electric utility should be to provide excellent service, and we need a billing structure that ensures superlative service to New Orleans' residents, businesses, organizations and institutions.

All communications and pleadings in this docket should be directed to:
