

ENTERGY NEW ORLEANS, INC.
CITY OF NEW ORLEANS
Docket No. UD-16-01

Response of: Entergy New Orleans, Inc.
to the Second Set of Data Requests
of Requesting Party: Alliance for Affordable
Energy

Question No.: AAE 2-3

Part No.:

Addendum:

Question:

Has Entergy New Orleans:

- a. Conducted any assessments or analysis regarding whether the storm hardening techniques of Florida Power and Light can be reproduced in New Orleans?
 - b. Conducted any assessment or analysis regarding whether the storm hardening techniques of any other utilities could be reproduced in New Orleans?; and
 - c. If yes to subparts (a) or (b), please provide this assessment or analysis.
-
-

Response:

- a. Please see ENO's Response to Rule to Show Cause, Final Report in Response to Council Resolution R-15-31, and Supplement to Final Report. ENO has reviewed the plan submitted by Florida Power and Light and while those two plans share common elements, ENO has presented a plan specific to its service territory that it believes is prudent and will produce benefits for its customers.
- b. See the Company's Response to Subpart (a). While the Company has reviewed the storm hardening plans of other utilities, such as Florida Power and Light, it has not produced an assessment or analysis regarding whether the plans of other utilities can be implemented at ENO. Instead, ENO has proposed its own plan that is specific to its service territory.
- c. Not applicable.
