Ms. Lora W. Johnson, Clerk of Council
New Orleans City Council
Room 1E09, City Hall
1300 Perdido Street
New Orleans, LA 70112

Dear Ms. Johnson:

Please find the enclosed original and four copies of my letter to the New Orleans City Council regarding the Renewable Portfolio Standard (Docket No. UD-19-01).

Please file the original and three copies of the letter into the record, and return a date-stamped copy to me.

Thank you for your assistance.

Sincerely,

Dawn Hebert

As a concerned Orleans Parish Resident and ratepayer, I want to THANK the City Council in striving for additional Renewable Energy generation by Entergy New Orleans. While this has taken time to initiate this step by Entergy New Orleans, it means that our solar power source will become more environmentally safe and lower our utility bills.

This step by your fellow Council Members, show you are indeed concerned about our environment and the residents of Eastern New Orleans. Knowing that this initiative is on tract and knowing that much needed jobs would be created, is a win win for Orleans Parish.

Per David Ellis comments, "We care about our environment and our communities.", I as a resident of New Orleans East am looking forward to environmental safe power sources and lower utility bills.

Again, Thank You for moving forward on the Renewable Entergy Portfolio Standard for the ratepayers of New Orleans.
