Re: Application of Entergy New Orleans, LLC and the Louisiana Utilities Restoration Corporation for Authority to Fund and Finance Storm Recovery Reserves, and Related Relief, Docket No. UD-22-01

Dear Clerk of Council:

Please find enclosed for your handing Entergy New Orleans, LLC's ("ENO") Securitized Storm Recovery Rider II ("Rider SSCRII") True-up Adjustment Filing as shown in Attachment A to Rider SSCRII, supporting calculations, and a summary of the resulting effects of the rider on typical bills. ENO submits this filing electronically and will submit the requisite original and number of hard copies once the Council resumes normal operations or as you direct.

Pursuant to Council Resolution R-22-437 (As Corrected) issued on October 6, 2022 in regard to *Application of Entergy New Orleans, LLC and the Louisiana Utilities Restoration Corporation for Authority to Fund and Finance Storm Recovery Reserves, and Related Relief* in Docket No. UD-22-01 (the "Financing Order"), ENO as Servicer of the Storm Recovery Bonds or any successor Servicer on behalf of the trustee as assignee of the Louisiana Utilities Restoration Corporation (the "Servicer") shall apply semi-annually for a mandatory periodic adjustment to the Storm Recovery Charge. Any capitalized terms not defined herein shall have the meanings ascribed thereto in the Financing Order or Louisiana Electric Utility Storm Recovery Securitization Act, codified at La. R.S. 45:1226-1240.

Each semi-annual true-up adjustment shall be filed with the Council of the City of New Orleans ("Council") not less than fifteen days prior to the first billing cycle of the month in which the revised storm recovery charges will be in effect. The Council Utility Advisors will have 15 days after the date of a true-up adjustment filing in which to confirm the mathematically accuracy of the Servicer's adjustment, after which the charge will become effective.

However, any mathematical correction not made prior to the effective date of the storm recovery charge will be made in future true-up adjustment filings and will not delay the effectiveness of the storm recovery charge.

Using the formula approved by the Council in the Financing Order, this filing modifies the variables used in the Storm Recovery Charge calculation and provides the resulting modified Storm Recovery Charge. The supporting workpapers show the resulting Storm Recovery Charge expressed as a percentage of base rate revenues and calculated in accordance with the Financing Order. The assumptions underlying the current Storm Recovery Charge were filed by ENO in a Rate Adjustment Filing dated October 15, 2024. The new SSCRII Rate is 5.3045% and will commence billing for monthly customer bills rendered on and after the first billing cycle of May 2025.

The following materials are provided with this letter:

1) NOTICE identifying the nature of the enclosed filing and stating the right of the public to inspect and copy same;

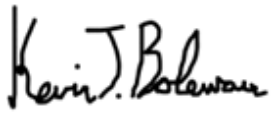
2) A cover sheet Summary of the enclosed filing summarizing the contents of and describing the effects thereof; and

3) A copy of the referenced filing.

The supporting workpapers for the True-up Adjustment calculation contain information that is designated as Highly Sensitive Protected Materials ("HSPM"). The HSPM materials are being produced only to the appropriate Reviewing Representatives under the terms of the provisions of the Official Protective Order adopted pursuant to Council Resolution R-07-432 relative to the disclosure of Protected Materials. The HSPM materials (along with the revised Attachment A containing the SSCRII Rate) are being produced to the Council Advisors under separate cover on April 15, 2025.

Should you have any questions regarding any of the above, please don't hesitate to contact me.

Sincerely,



Kevin T. Boleware

Attached is a cover sheet summarizing the contents of the semi-annual True-up Adjustment shown in Attachment A to the Securitized Storm Cost Recovery Rider II ("Rider SSCRII"). This filing is made by Entergy New Orleans, LLC ("ENO") with the Council of the City of New Orleans ("Council") pursuant to the Financing Order adopted in Resolution R-22-437 (As Corrected) in Council Docket No. UD-22-01. The cover sheet summarizes the filing and attached to the cover sheet summary is a copy of the filing so that anyone who wishes to may review the filing and may make a copy, at that person's expense. A copy of this notice, the summary, and the filing is to be located at the main branch and every operational satellite branch of the New Orleans Public Library located in Orleans Parish, and also at the ENO Customer Care Centers located in Orleans Parish. A copy will also be available at the office of the Clerk of Council of the City of New Orleans.

SUMMARY OF ENO'S RATE ADJUSTMENT SHOWN ON ATTACHMENT A TO THE SECURITIZED STORM COST RECOVERY RIDER II ("RIDER SSCRII")

Pursuant to the Financing Order adopted in Resolution R-22-437 (As Corrected) in Council Docket No. UD-22-01 ("Financing Order"), Entergy New Orleans, LLC ("ENO") must file a semi-annual True-up of the Rate Adjustment shown in Attachment A to the Securitized Storm Cost Recovery Rider II ("Rider SSCRII"). Rider SSCRII is the mechanism through which ENO collects storm recovery charges on behalf of the Louisiana Utilities Restoration Corporation to pay the debt service obligations and other ongoing costs related to the storm recovery bonds, the issuance of which was authorized by the Council of the City of New Orleans (the "Council") in the Financing Order in Council Docket No. UD-22-01.

The estimated effects of the semi-annual True-up Adjustment of the storm recovery charges will be implemented beginning on the first day of the first billing cycle of May 2025. The effects of ENO's semi-annual true-up of the storm recovery charges imposed on the monthly electric bill through Rider SSCRII authorized by the Council in the Financing Order are as follows:

Estimated Typical Monthly Bill Effects
Summer
