*Re: Application of Entergy New Orleans, Inc. for Certification of Costs Related to Hurricane Isaac, and for Related Relief and Application of Entergy Louisiana, LLC for Recovery in Rates of Costs Related to Hurricane Isaac, and Related Relief in the Fifteenth Ward of New Orleans (Algiers), Docket No. UD-14-01 (Phase II)*

Dear Ms. Johnson:

Pursuant to the Financing Order adopted in Resolution R-15-193 on May 14, 2015 in the referenced docket (the "Financing Order"), Entergy New Orleans, LLC. ("ENO" or the "Company") as Servicer of the Storm Recovery Bonds shall apply semi-annually for a mandatory periodic True-up of the Rate Adjustment shown in Attachment "A" to the Securitized Storm Cost Recovery Rider SSCR ("Rider SSCR").<sup>1</sup>

Each semi-annual true-up shall be filed with the Council not less than fifteen days prior to the first billing cycle of the month in which the proposed Rate Adjustment will be in effect. The Council Utility Advisors will have fifteen days after the date of the true-up filing in which to confirm the mathematical accuracy of the Servicer's proposed revised Rate Adjustment, after which the proposed Rate Adjustment will become effective. However, any mathematical correction not made prior to the effective date of the proposed Rate Adjustment will be made in future true-up filings and will not delay the effectiveness of the proposed Rate Adjustment.

This true-up filing modifies the variables of the formula approved by the Council in the Financing Order and provides the resulting true-up of the Rider SSCR Rate Adjustment, which is expressed as a percentage of base rate revenues and calculated in accordance with the Financing Order.

<sup>1</sup> Any capitalized terms not defined herein shall have the meanings ascribed to them in the Financing Order or Act No. 64 of the Louisiana Regular Session of 2006, the "Louisiana Electric Utility Storm Recovery Securitization Act," codified at La. R.S. 45:1226 through 1236.

Accordingly, enclosed for your further handling are an original and three (3) copies of the semi-annual True-up of the Rate Adjustment shown in Attachment "A" to the Rider SSCR. The new SSCR Rate is 3.8759% and will commence billing for monthly customer bills rendered on and after the first billing cycle of February 2019. Please file the enclosed documents and return a date-stamped copy to the Company's courier.

The following materials are provided with this letter:

- 1) NOTICE identifying the nature of the enclosed filing and stating the right of the public to inspect and copy same;
- 2) A cover sheet Summary of the enclosed filing summarizing the contents of and describing the effects thereof; and
- 3) A copy of the referenced filing.

The supporting workpapers for the Rate Adjustment calculation contain information that is designated as Highly Sensitive Protected Materials ("HSPM"). The HSPM materials are being produced only to the appropriate Reviewing Representatives under the terms of the provisions of the Official Protective Order adopted pursuant to Council Resolution R-07-432 relative to the disclosure of Protected Materials. The HSPM materials (along with the revised Attachment "A" containing the proposed SSCR Rate) have been produced to the Council Advisors under separate cover sent via overnight delivery on January 15, 2019.

Should you have any questions regarding any of the above, please don't hesitate to contact me. Thanking you for your usual attention to this matter, I remain

Sincerely,

Alyssa Maurice-Anderson
