**Sustainable Energy Economy Solutions Petition
for Intervention and Inclusion on Service List**

Sustainable Energy Economy Solutions, (“SEES”) respectfully requests that the Council of the City of New Orleans (“the Council”) grants SEES the right to intervene out-of-time in the above captioned proceeding and participating as a party therein.

On May 6th 2021, the full Council for the City of New Orleans issued Resolution R-21-151, establishing docket UD-20-02, providing for intervention by interested parties by June 7th 2021.

SEES is a public advocacy organization that seeks to promote holistic economic solutions for the energy system, including those related to the power sector in the City of New Orleans. SEES is a group focusing on upstream and downstream benefits across the spectrum of the energy system, including those associated with the reliability of the power system that the City of New Orleans is dependent on. Given the scope and intention of this docket, SEES feels that it can be a productive and useful stakeholder in this proceeding.

SEES has members served by ENO and there is no other party representing the interests of SEES and its members.

Please note that SEES is a public advocacy organization seeking to advance economic energy solutions in the public interest thus pursuant to Council Resolution R-16-365. Because of the aforementioned, SEES requests that all intervenor fees be waived.

SEES therefore possesses standing to intervene out-of-time, and respectfully seeks intervenor status in order to fully participate in this matter. SEES requests that it be placed on the service list of this proceeding and be served with all pleadings, notices orders, and other filings.

All communications and pleadings in this proceeding should be directed to:
